Dear Program Director,

We can't wait for you to listen to the audio drama, *The Crown of Success*. Adapted into an audio drama by Phil Lollar, creator of *Adventures in Odyssey*, this is a creative allegory filled with adventures, mishaps, and intrigue!

Join the Desley children as they go on an unexpected journey to the Town of Education and meet Miss Folly, Hubris Pride, and the Time-Thief Procrastination. Not all is as it seems in this whimsical story packed with unforgettable truths of responsibility, discernment, and wisdom.

Through listening to this creative allegory, children will find themselves equipped to "work heartily as for the Lord and not for men."

Enjoy!
